Learn Sompn

How the people built the peace

Learn Sompn

Keep it cool at the least

Learn Sompn

Be Kickin' peace or there's your beast

Learn Sompn

If they listen we can teach (twice)

Human history is two sides cool let's be clear

People's Commerce love or exploitation carries fear

Ghandi Dr. King plant a seed n' God is near

Course correction good direction not infections how we steer

All they seem to do is flex confusion groupthink

Don't worry we're around so profound we all stink (pound for pound)

To us the lie is ignorance on Earth the sleeper link

Yeah all of us have noses thoughts and need to eat and blink

(Either) Civil rights they not

Bothering with drama rot

Death defeat before they caught

Wish it knew cuz peace we fought

More than that or what they bought

Inner prize it means a lot

We'll remain like Gandhi thought

Know the peace is what we taught

As far as rap stories go with us keep it WU
It's back to that and Gilla Reconcilla yup we bangin' U
On running silence like we said yeah we watchin' what you do
Intolerance delusion distractin' from the tunes

Learn Sompn

How the people built the peace

Learn Sompn

Keep it cool at the least

Learn Sompn

Be Kickin' peace or there's your beast

Learn Sompn

If they listen we can teach (twice)

We reserve the word stupid for any sleeper dis billionaires
Keep us out your mouth from the beginning yeah you unawares
We in your head everyday reconciliation stares
Right back at you even with a smile when the lovin flares

Ran Man snobberies sleeper hero rivalries
Wastin' our time with mockeries we teaching U psychologies
We build you destroy Wellness please not you enemies
Health reduces costs so let's start with those apologies

Nemo is music piece Rapture Coolin at the least
(We're) tired of the hate distracting from the peace
Sleeper dis I'll be looking for us someday like a leach

But because of how they've been they created their own beast

Learn Sompn

How the people built the peace

Learn Sompn

Keep it cool at the least

Learn Sompn

Be Kickin' peace or there's your beast

Learn Sompn

If they listen we can teach (twice)
