# <u>True Friends – Safe Zone (Lyrics)</u> (parentheses is explanation)

#### Hook:

True Friends is a Safe Zone – Word is Bond – Make it Known (4 times)

# Verse 1:

We keepers of the love we live to face the day 1 Team

Spirit Life all important, share the air, we on the scene

Using taxes better, help the People Participate and lean

On the Light within that fights strife beyond the mean (meanies)

Love Moderation and Humility, Treasures of the Tao that we allow We know the Power is the Unity

Tranquilo, no doubt, Daily U n Me, 1000 smiles aware the Air

Wowza transparency:0)

"When it returns?" "We can tell ya Spirit beautifully"

Everlasting Gospel blessing to the Liberty

"Yup, we know thangs, all good, use it usefully"

Stories addin' on to the 1 We Purpose We

Thanks for all the "Lights in the Storm" Truth Media :o)

Know the "trickle tricks" distract facts (from) People readin' the

Truth, take courage with the proof every "reading" does

See through it, just believe, relax People healing up

#### Hook:

True Friends is a Safe Zone – Word is Bond – Make it Known (4 times)

### Verse 2:

Everyone wants some connection past invisible

Love to Seniors, "lotta work ta do", for life livable

Reparations, safety nets, make it right forgivable

Balance and stability, bill is due indivisible

Whatever is goin' on, or not, gossip conversation

Check the doubt, give love, eclipse condemnation

Spiritual War, Word, (the) sword is love, defend your Peace patient

"Hmm, that's cooool Man" "Yeahhh, they was hatin'"

Learned recently from Anti-peace populism

Authoritarian abuse of power, dis'd da hope nepotism (Distopian)

Hamilton said moderate government (is the best) people rhythm

President's dress, a metaphor for market competition (Pluralism/Diversity not billionaire assertions)

(The People's Free markets not "strong arm" authoritarianism, or group think regurgitations of delusions or fashion, that the People must follow for acceptance...or something like that...Hmmm)

"What did you mean by that?" "Well, we're keeping it truth, just because"

Deliberative democracy iron sharpens iron was

Our best bet to Freedom, Diversity Busy Beez buzz

"Stand for something" versus "Falls for Anything", cuz it does (it does fall for anything as we witnessed)
