Verse:

We've been sayin' keep it simple people's peace is what it is

Two forces Choose Love same story human biz

Here to teach we Special-Needs listen or not we're the shiz

Haters learn it later strong together this is how we live

Bind and reveal as it uses Tamper's talking points

Always a chance to heal love into a real posit voice

Steady as the Spirit flows ready heavy all rejoice

Already done is underway chillin' as the people's choice

Anatomy of the curse lies compounded

Overtime the blessing will replace the lie confounded

New peace within the Spirit one gong gone sounded

Telepathic people sharing truth chillin' all around it

2nd World War America First won't help

Learn sompn' how democracy couldn't save itself

It was people's markets motivating energy to wealth

Ominous election curserism party isn't well

Verse:

Curse ain't nice won't care what we think  
 It takes rights from Women Voters public peace while we blink  
 To have a rest beyond the lies imposing hate it really stinks  
 Real discernible reality exists on the brink

People under Iron Curtain say curse shows itself  
 War against the truth voting rights till we feel it dealt  
 With it before into agreed truth next lie to sell  
 Midterms 22 vote for love instead of hell

"Yeah We Back" enough one-upsmanship together strong  
 Rapture Bond as the love readily steadily carries on  
 Place of peace is all we ask families try to sing a song  
 Life love legacy of light never really gone

Curserism evil story lesson Animal Farm  
 No respect for children peace people's homes ran alarmed  
 Away from bombs propaganda lies evil Stalin arms  
 Reconciliate infection Global hope healing storms

They'll be in space lookin' down at the place  
Maybe wondering pondering love was too late  
To heal the planet cuz of alt-right centuries of hate  
We know though on it Bro reconcile

Trickle Down Confederate is really just the same  
Wouldn't let people sing vote or work to play the game  
Or join markets found alt right is no shame  
Glimpse of every knee shall bow, love is spirit here to reign

Outro:

Peace Team. Giving thanks for "All of us to us". We pray that people let others be and respect. 1,000 smiles. "Gripes" is part of life. Peace to "please learn to share the air smirky crotch gossip". One love, we're all important - peace. Straight outta

air space. And we respect somebody's hustle, "Whistle While You Work" ...replace worry with walk by faith. We fight back in the right way...serve your talent. And we see the two forces across earth as build or destroy. It's "something out of nothing" or nothing out of something...its a generational reconciliation of global demagoguery and totalitarianism, to be clear...Curserism lives to destroy democracy, any accountability or responsibility to the public peace or National community. Curseracism defined is "kill, steal, destroy" whether invading or trying to overthrow or eliminate people's rights or the people's markets. Just namin' claimin' blabbin' and grabbin'. So, let's give thanks for each other. Peace
