

Peace Team. Here is a PDF of a session from this week. I am learning along and I hope that these charts bring some hope to your day to day. Being a Rhymes for Raps representative is a life calling, and I am glad that the Trading Fellowship is giving some of us hope. Isn't it cool that Artists have a chance to make money too? Imagine that :o)

We're all Artists, whether we are Air Support, Team Leaders or Center Stage. Every soul is sacred and precious. Be encouraged in your peace.
