

True Through It

Verse:

Avatar guitars we preach to the stars already are
Reflect on any love peace to V's and Mars
Effects our peace and tea time so snatchin' bikes and
Nissan truck fits for truth Wu is freedom in 16 bars

They hate me cuz I speak the truth Thousand a minute
Here's the proof on the clock won't they stop
Scriptures lan in the news
Left right unify all is fair in love and rhymes
Bottom up teeth tooth top down realize

My inner prize mind, leave the pins in him
All passengers soul ain't for sale rhymes to remind
Even rap ballers look like peanuts to bank cash flows
Had to check that for mines and the times

So now we gotta tune it out all the gossip hype doubt
Don't forget it's Dum and Dum before emotions ground out
Reflect on any love, thankful for anything
That's how it starts, a bounce back bee sting

Chorus:

True through it, Chew through it (twice)

Outro:

Leaving trails of spiritual rhythmic truths for all time,
all time....
