

### Adjustment Department.....POEM

Since there's no time to do another tune too soon, here's a few thoughts....

There's too much love between all the Brothaz n Sistahz in the game to let negativity win

Just leaving some crumbs for the mind to remember when chaos eclipses the love....bounce back...

#### Adjustment Department Poem:

Mark was always smart let him be a talent sharp

Nostradamus predicted cream like Doc Z Dun will play his part

Rhymes to explain to the ages prioritize close to the art

Thank God for folks who believe in the true heart

Helping air adjustments connects to famous lives

Why we deserve peace we all hope it survives

It will Roman's 8:28 Phillipians 4 good in the hood

Spirit thrives settin' it up so relax for 3's, 4's and 5's

Trying to explain why the highest has to reign

I remember his older cousin checked if no problems between us to teach the game

Ease the pain that was Pilgrim late 70's learning gratitude again

It's all I remember bout' that now gotta reframe
