

Everlasting
A 7 peace
"20 Solos"

Plant seeds of musical hope....every bit counts...

Throw them
Division is the toilet...
Discernment is
\$s own thing

Check out Donald Byrd
(they can't take that away
from me) Red Garland

Someday My Prince Will Come

They're breaking up
or getting back
together

We like
"No need to trip"
Don't trip"
Work with that
don't trip"

Look how
someone would
re-write parts
of a
solo...
no drama
just be chill"

It's already
summer
somewhere else
on the
planet and
we're all
so cool...
lighter
up"

Transcribing
or
writing a
solo helps
share a
map
of places
to go...

Love to "star of the show" ... were all
important in our own
peace to the Green Eyed Bandit little way...
for being a real Brother... MWC Doc!

Some day My Prince Will Come (and recent channeling)
 Plant seeds of musical hope... every bit counts... not a social event - just happens

Our competition
 "whatever"
 "lets get together"
 "Lime, not or whatever"
 "to all your crews"
 "whatever... needs to keep expressing the Global Diplomatic please message"

respect peoples space
 that's why let the guys do they play...
 all this good enough
 The word is a door that we can knock on that is always open...
 the spirit is alive... we'll keep believing in that...
 we have shown and proved it's real...
 that's on respect
 "Mojo space" that's G...
 learn not to knock on doors that are not there

Oh, and how dare anyone or regime disrespect us after all the years of looking out for the story!!

Now wece "hit em in the head with bird or destroy"

Don't worry about us... we allways around fellow "ugly duckling" types
 maybe we're supposed to bring light to the thing?
 UAH... tella... yes.. we all ain't shit"
 but be encouraged

We "lets get together" by sayin' peace (hello) through the art... etc... the usual... all in good time...

Ohhh... it takes time to understand... nobody wants to be so close or that become too close to it or whatever?
 for lookin' out in the way you do...

The guys need to be themselves... were in touch... here 4 life
 Its not indifference... its just having peace about the story... the love is inextricable... the albums

Not only did we put our best foot forward to make peace w/ the "game" we put every foot forward!! Now we can have our peace projects in front of us... not the dream stuff... much better

Above all
 be happy
 so
 relation
 respon
 can
 keep
 healing
 us

It's a story of hope for all of us

Stay clear town "Greed Regime" Media it's not healthy
